

RESTRICTED LICENCE APPLICATION

WHAT THIS FORM IS USED FOR

This application form is to enable consideration to be given to an application by an **immediate family member of a primary producer**, who requires a higher class of licence to drive a family farm vehicle to transport produce to a silo or other destination, but because of age or driving experience, does not qualify for the appropriate licence class.

WHAT APPLICANTS WILL NEED

The applicant must be aged 18 years or over and must have held a class C driver's licence for 12 months.

If this application is being submitted in person, the applicant will be required to show proof of identity (eg current driver's licence.)

READ THIS INFORMATION FIRST

- The reverse of this application form must be completed and signed by the primary producer.
- Both the applicant and the primary producer must sign the declarations on the reverse.
- The Registrar of Motor Vehicles has the authority to grant a restricted licence to applicants who require such a licence for the purposes outlined above. The class of learner's permit issued will depend on the vehicle/s **owned by the primary producer named on the reverse of this form**. The licence issued may be class MR or HC, depending on the size of vehicle/s owned by the primary producer named on the reverse of this form. The Registrar may place conditions on any driver's licence issued.

NOTE If the practical driving test is conducted by a Department Road Safety Officer, or an Authorised/Accredited Instructor the applicant can apply to have the licence restrictions removed after 12 months or when he/she reaches 19 years of age, whichever is the greater. If the practical driving test is conducted by a Police Officer in remote areas, the removal of the restriction will require the applicant to be re-tested by an Authorised/Accredited Instructor, but only after 12 months or when the applicant reaches 19 years of age, **whichever is the greater**.
